

HOW TO OBTAIN A NEW MEXICO JOURNEYMAN CERTIFICATE

In New Mexico, electrical, mechanical and plumbing work must be performed by, or under the supervision of, someone who has a journeyman certificate for the classification of work being performed. Therefore, even if you have a contractor’s license in one or more of those classifications, you must also be, or employ, a certified journeyman to perform the work.

ONE: Determine the certificate classification required to do the work you plan to perform. Journeymen classifications can be found in New Mexico Administrative Code, Title 14, Chapter 6, Part 6 at www.nmcpr.state.nm.us.

IMPORTANT NOTE: If uncertain of the proper classification, submit a Classification Determination form to PSI along with a detailed description of the work to be performed. If a journeyman certificate is required in connection with work that will be awarded based on a competitive bidding process, be sure to include a copy of the project scope of work. To ensure clear communication, responses to Classification Determination Form requests are not made by phone. Forms are available online at public.psiexams.com. A written Classification Determination will be mailed or faxed to you.

TWO: Submit complete application packet. The application package must include:

1. Complete, legible, signed and **notarized** Journeyman Certificate Application.
2. Complete, legible, signed and **notarized** work experience verification form for **EACH** classification you wish to test for. Use one form per employer/affiant verifying your work experience, and use the work experience verification form specific to those classifications. There is a work experience form for Mechanical/Plumbing trades, and there is a work experience form for Electrical trades.

Note: Individuals who are qualified to complete the Affidavit are as follows: Employers (past or present), Supervisors, Foremen, and other Contractors. **DO NOT LEAVE ANY BLANKS.**

The experience requirements are:

Four Years (8,000 hours):

Electrical

EE-98J Journeyman residential and commercial electrical

EL-1J Journeyman electrical distribution systems, including transmission lines.

Two Years (4,000):

Electrical

ER-1J Journeyman residential wiring.

ES-1J Journeyman electrical signs and outline lighting.

ES-2J Journeyman cathodic protection and lightning protection systems.

ES-3J Journeyman sound, intercommunication, electrical alarm systems, and systems 50 volts and under.

ES-7J Journeyman telephone communication systems and telephone interconnect systems.

ES10J Water Well Pump Installer

ES10RJ Residential Water Well Pump Installer

Plumbing/Mechanical

JP Journeyman plumber

JPF Journeyman pipe fitter

JG Journeyman gas fitter

JPG Journeyman plumber and natural gas fitter

JR Journeyman refrigeration

JS Journeyman sprinkler

JSM Journeyman sheet metal

Six Months (1,000 hours):

- BO1 Journeyman boiler operator - low pressure only
- BO2 Journeyman boiler operator - low and high pressure

NOTE: The JW - Journeyman welder and JMG-Journeyman medical gas installer classifications are certified by endorsement to certain existing journeyman certificates only - no separate experience is required although there are additional requirements. See Administrative Code for more information (section 14.9.5.8 - 14.9.5.10 & 14.6.6.11 C-8).

All experience must have been gained while employed by a contractor licensed in the trade being applied for, or considered legal work in the state in which the work was performed. There are some limited exceptions to the work experience requirement. Military, out of the country and home owner experience may be used in some circumstances. Please contact PSI for more information on these exceptions.

NOTE: Reciprocity applicants do not need to submit work experience forms; however, they must be currently active for at least one year in the state in which they tested. See question #3 C on Journeyman Application.

HELPFUL TIP: Have your experience verification form completed and notarized in duplicate. Keep an original signed and notarized form in your files. This will be useful if you need to reapply.

- Correct Journeyman Certificate Application fee: \$75.00 (per classification)
- A self-addressed stamped envelope (letter-size) with sufficient return postage. This envelope will be used to send your application packet back to you if your submission is rejected.

THREE: Complete packets must be delivered by hand or mail. Faxed or emailed forms will **NOT** be accepted. **All notarized forms submitted must be original.** Submit completed packets to:

PSI
2820 Broadbent Pkwy NE, Suite E&F
Albuquerque, NM 87107

INCOMPLETE PACKETS WILL NOT BE PROCESSED. If your packet is incomplete, incorrect or insufficient, it will be returned to you.

FOUR: After your application has been accepted and your experience has been verified and approved, you will be notified by USPS via postcard that you have been approved to test.

FIVE: Once you have been approved to test, you must schedule for, take, and pass the required exam(s). You may schedule to test by calling PSI at 1-800-733-9267, or online at www.psiexams.com. (Each exam requires a separate fee.)

SIX: Submit passing exam score reports.

1. Be sure to safeguard all of your original exam score reports. Once you receive passing score reports for all required exam(s), you must submit the original score report(s) to PSI in order to complete the processing and issuing of your journeyman certificate(s). You should retain a copy of your exam score reports for your records.
2. If you do not submit your passing score reports within six months from the date PSI approves your application, your application fee will be forfeited and you will have to file for an extension by submitting a new Journeyman Certificate Application (new affidavit not required).
3. If you report passing scores within six months, you will receive your certificate(s) by USPS. Scores are valid for one (1) year, however you must still have an active approval to test; any score letter over a year old will not be accepted.

SEVEN: Your New Mexico Journeyman's Certificate will be active for three years effective the last day of the month of issuance. Please see **How to Renew your Journeyman Certificate** for renewal information.
